When Hollywood Golf Club called and asked for information on a transportation contract for the United States Golf Association Women's Professional Tournament, they were surprised to hear words like flexibility, themes, and concierge - words that were not focused on sales or selling. The communication and trust that formed our relationship eventually saved Hollywood Golf Club over $4,000 and about 22 hours in managing the event!

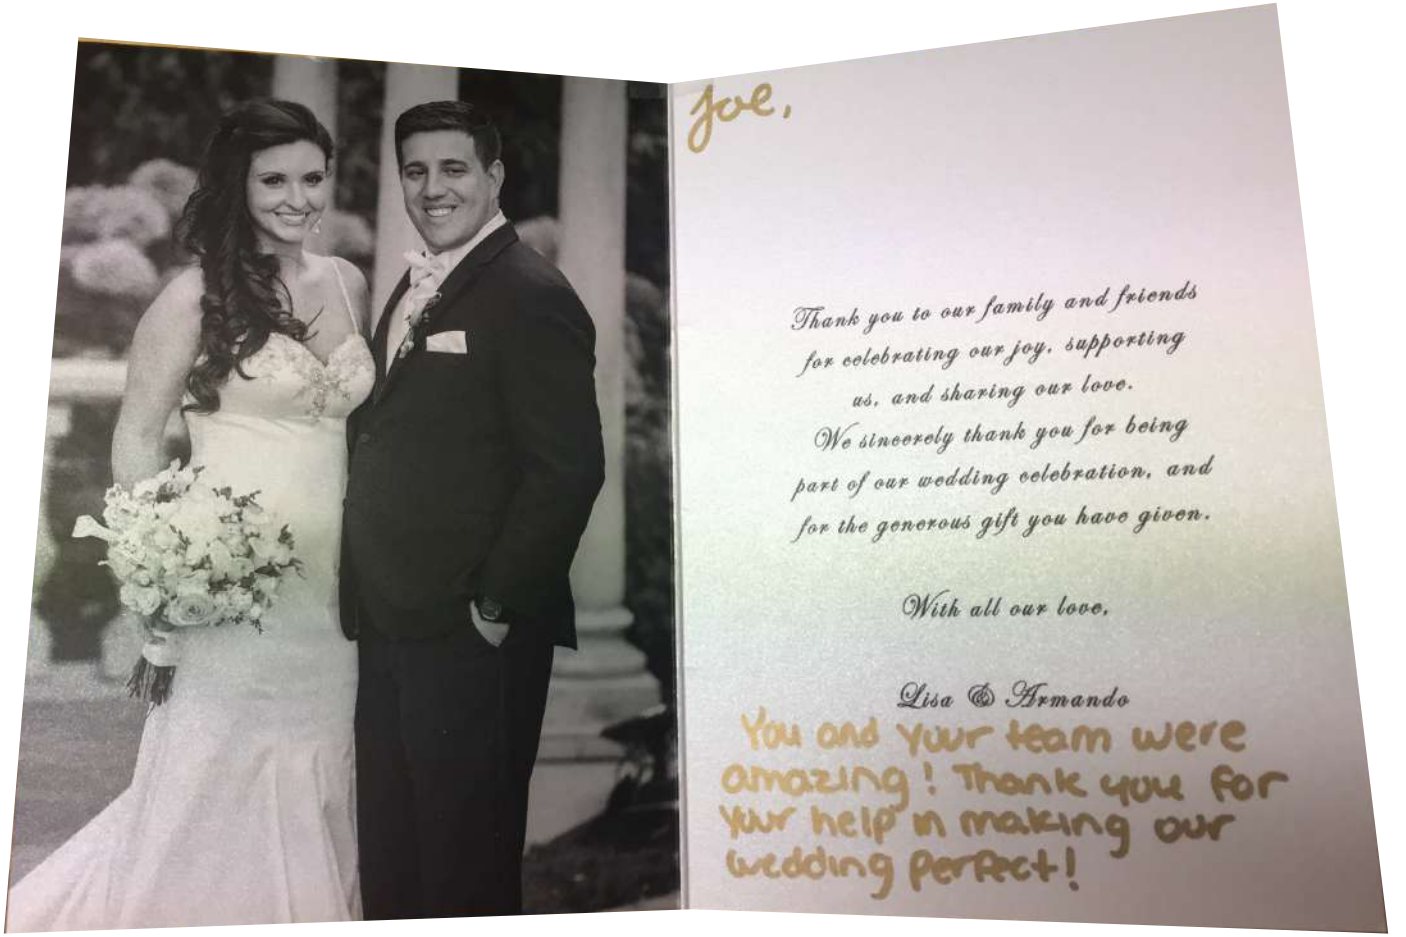
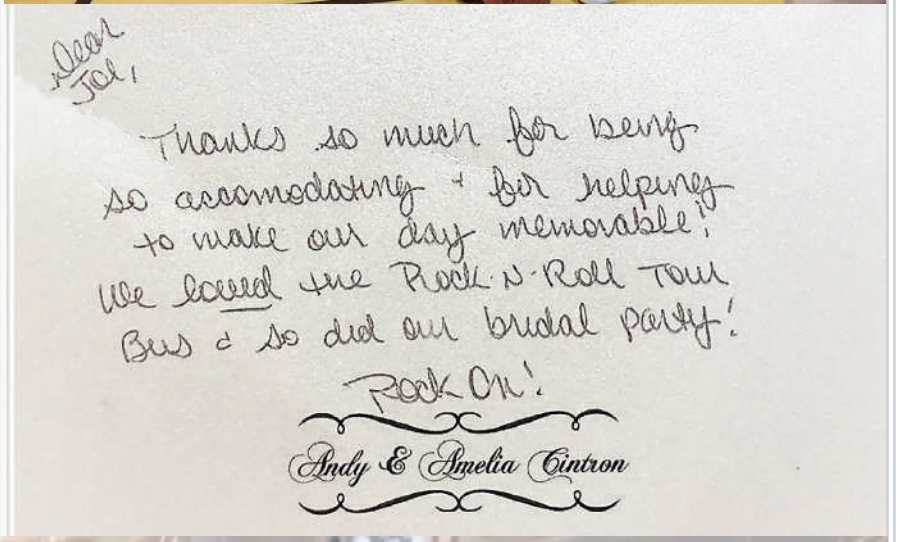
Stories That Inspire
Customer Experiences



" My son was really struggling and that all changed after your coaching. Your ability to inspire him to work harder, overcome failure, while teaching him to believe has made a difference in our entire family. Joe, you have this unique quality that is so hard to describe, but my son just loves you, and thinks you're the greatest. He told me, he wishes you're his coach forever! "



Dear Joe,

Thanks so much for being so accomodating + for helping to make our day memorable! We loved the Rock-N-Roll Tour Bus & so did our bridal party!

Rock On!
